Thanks

Doug,

I am Steve's boss and I would like to see if we could schedule a call tomorrow to discuss your concerns about a meeting next week. Steve is unlikely to return on Monday. I have also been in discussions with Sandra Lyons about having a meeting next week, either in person or by phone. Are you available tomorrow for a call at either 11 or 1? If not, please suggest a different time.

Thanks, Tom

Hi Carmen,

With all the confusion due to EPA's previous cancelation of the meeting on the 20<sup>th</sup>, and my inability to talk with Steve (as he has been out on leave) briefly on the meeting so we can be prepared for the meeting, the 20<sup>th</sup> is not practicable at this late date.

My suggested course of action is for me to call Steve on Monday and, if Steve is available to take my call (my understanding is that he will be back from leave on Monday?), then we can touch upon the meeting topics and set a mutually agreeable date for the meeting.

Regards,  
Doug

Hello Doug:

Please confirm the date for a meeting with EPA during the week of March 17, 2014. We are available on March 20, 2014 to meet with you and your team. If a conference call is more convenient than an in-person, please let us know.

I look forward to your reply and thank you for your courtesies.

Hello Doug:

Steve Armann is out of the office on medical leave; and plans on being back next week.

If you wish to have a meeting or conference call sooner than March 20, please propose a date and time.

Thank you for your courtesies and patience. I look forward to your reply.

Hi Carmen,

I did get your messages, but all these date changes by EPA is making it difficult for us to both make progress and to make our folks available at mutually agreed upon times.

At this point, I would like to have a call with Steve to discuss so Steve please let me know when you have availability today or tomorrow.

Thanks  
Doug

Hello Doug:

Hopefully this message finds you well.

I left you voice messages on March 11 and 12, 2014 regarding the need to change the meeting with Environ on the Malibu HS PCB cleanup plan back to March 20, 2014. We will be able to meet on that date at 10:00 AM. Please confirm this date and time for that meeting is still convenient and good for you and Eric Woods. The cleanup plan still needs to be submitted by the end of March 2014 consistent with EPA's January 27, 2014 letter.

Thank you for your courtesies. I look forward to your prompt reply.

Sincerely,  
Carmen
